# Accessories

# what

# means...

All STANPART replacements are covered by the original 12 months/12,000 mile guarantee.

STANPART is the trade name under which all genuine replacement parts and accessories are marketed for Standard and Triumph cars. This service is available to owners throughout the world, and operates only through the Distributors and Dealers officially approved by Standard-Triumph Sales Limited.

It is of the utmost importance to the owner of a Standard or Triumph car to fit only accessories listed in the Company's catalogues and to ensure that repairs or maintenance carried out to the vehicle should be made only with STANPART parts. The use of spurious parts will invalidate the guarantee, and no liability is accepted for any loss or damage which may result from the use of such parts or the fitting of unlisted accessories.

A useful Sales and Service Directory, giving the names of all Distributors and Dealers in the Home Market, can be obtained from your local Dealer, free of charge. Always insist that your repairer, even if he is not a Distributor or Dealer of the Company, obtains only genuine STANPART parts.

## STANPART EXCHANGE UNIT SCHEME

Whether you require a replacement engine, gearbox, back axle, steering unit, or other main assembly, always insist that a STANPART replacement is supplied through the Distributor or Dealer. All factory rebuilt units carry the same guarantee as the new product.

## STANPART ACCESSORIES

STANPART accessories are designed to fulfil two basic requirements; to enhance the styling and elegance of the car, and to increase the comfort and safety of travelling. They are given vigorous tests before they are accepted and, where possible, individually styled to suit the model. This ensures economy and efficiency in operation.

## CONTINENTAL TOURING

Standard-Triumph were pioneers in introducing a specialised service for the convenience of their customers when travelling abroad. Part of this service covers emergency repairs, without them having to be financed out of the customer's pocket, until his or her return to this country. Ask your Dealer for full details.

## OUR OBLIGATION

A comprehensive spare parts service is provided for at least 10 years after a model has ceased production.

## OWNERS ASSOCIATION MEMBERSHIP

Details for membership can be obtained from your local Distributor or Dealer.

## **PRICES**

The right is reserved to alter the prices quoted in this Catalogue without notice.

## **PRICE QUOTATION**

Prices quoted apply to the specific Part No. shown in the list overleaf, and are for the HOME MARKET ONLY. For EXPORT PRICES refer to your DISTRIBUTOR or DEALER.

The accessories listed in this Catalogue are supplied through your local Distributor or Dealer and do not include fitting charges. Any such accessories fitted to a car before it leaves the Factory must involve additional charges for fitting, and Purchase Tax will then be involved in every instance.

Every precaution has been taken to ensure the accuracy of this Catalogue, but the Company accepts no liability for errors or omissions.

## **RADIO**

A Smith's Radiomobile kit has been designed exclusively for your Triumph car and approved by Triumph engineers. Ask for full details from your STANPART stockist.
